SUMMIT TECHNOLOGY

by *Didi Rainey*

Summit Technology held its 7th Annual company meeting this past weekend at the Westin Hotel located in the spectacular Bridge Street Town Centre in Huntsville.

Summit hosted employees nationwide as they celebrated being ranked in the top 5,000 fastest growing private companies in the country for the last two years. Summit Technology is an ERP consulting firm based here in Athens. They are committed to their roots by employing recent graduates from nearby universities such as Athens State, University of Alabama, UAH, and UNA.

As they continue to bring people from every country to their hometown, Summit is not only providing jobs but they feel strongly about keeping our local retailers in business. To learn more about this unique company in our community, log onto www.summitsti.com.
